

You need to allow enough time to study

Problem Solving Classes

- Time management is difficult
- Just how long will it take me to do those 8 calculus/chemistry/engineering problems?
- Instructors and friends – are resources!

Help Books (Find in any bookstore) –

$\frac{3}{4}$ Research on learning indicates the importance of reviewing as many problems as possible

$\frac{3}{4}$ Doubles learning by reviewing additional problems that are completely worked out
